

Anvit, is a professional artist, consultant and entrepreneur working in the field of Entertainment art. He has 9+ years of experience in working in varied aspects of entertainment art, ranging from project management, art direction, production design, set design and previsualization. After graduating with a degree in management he decided to pursue something that fed both his interest, management and art and hence started a company called Cirque Studios. The studio provided top quality art services to clients around the world, in sectors such as Publishing, Animation, Education, and Advertising.

In publishing he explored avenues with Marvel Comics, collaborated with Darkhorse comic on Predators, with Boom Studios on Hellraiser series, with Roddenberry Entertainment and many more.

In the sector of animation, he has worked on IP's of Nickelodeon and Amazon Prime, he has also worked closely with former DreamWorks Creative Director and industry veteran Philippe Gluckman on visualizing, conceptualizing, and building a world for a new IP.

Anvit has now ventured into new avenues and is exploring the world of feature films and has worked with the top productions houses and directors is Indian. Today clients consult him for his expertise in visualizing and creating beautiful worlds and larger than life locations for their films. Clients benefit from his unique skills of creative imagination with practical application for projects.
